Slip a few Prince Albert
smokes into your system!

You've heard many an earful about the Prince Albert
patented process that cuts out bite and parch and lets you
smoke your fill without a comeback! Stake your bank roll that
it proves out every hour of the day.
Prince Albert has always been sold
without coupons or premiums. We
prefer to give quality!

There's sport smoking a pipe or rolling
your own, but you know that you've got
to have the right tobacco! We tell you
Prince Albert will bang the doors wide
open for you to come in on a good time
firing up every little so often, without a
regret! You'll feel like your smoke past
has been wasted and will be sorry you cannot
back up for a fresh start.

You swing on this say-so like it was a tip to a
thousand-dollar bill! It's worth that in happi-
ness and contentment to you, to every man
who knows what can be
gotten out of a chummy
jimmy pipe or a makin's
cigarette with
Prince Albert for
"packing"!

red tin, and is
fact, every Prince
Albert package, has
a real message to you
on its reverse side. You'll
read: "Process Patented
July 26th, 1907." That means
that the United States Govern-
ment has granted a patent on the
process by which Prince Albert is
made. And by which tongue bite and
throat parch are cut out! Every-
where tobacco is sold you'll find
Prince Albert awaiting you
in toasty red bags, or tidy
red tins, too. Hand some
pound and half-pound
tins, and in that clever crystal-

sponge-moistener

tobacco in such
fine condition—
